

## about us ...

Education Options (EdOpts) is a privately owned company which provides Special Education Services to schools. We have offices in St. Louis and Kansas City and service schools throughout Missouri. Our primary goal is to help schools stay in compliance with ever changing Special Education Laws.

We strive to provide teachers with the information and tools they need to help students achieve. EdOpts only employs experienced, Missouri Certified Special Education Teachers and Therapists. We have the experience to enrich school Special Education programs or to restructure existing programs.

Our staff has a history of success with schools, parents and students. In addition to our high level of experience, we have established working relationships with the Department of Elementary and Secondary Education.

EdOpts will enable your school to satisfactorily pass State and Federal Special Education audit requirements. The services listed below are billed hourly or full-time:

- Occupational Therapy
- Physical Therapy
- Visually Impaired and Deaf Education
- IEP File Review
- Homebound Teachers
- Diagnostic Testing
- Speech and Language Therapy
- Initial and Reevaluations

Let Us Share  
Your Vision  
of success  
for every student

Welcome to Education  
Options. We provide  
private Special  
Education services.

Our goal is to  
assist schools with Special Education  
compliance issues and to help all students to  
be successful.

Our staff has many years of experience and  
all the information and resources necessary  
to serve the unique needs of students with  
disabilities.

We have a passion for Special Education  
students and we are committed to high  
standards.
